Key Verse

"In everything you do, put God first."

- Proverbs 3:6

Our Story: This Week

1. Download "God Created the World" from The Meeting House Kids Music on iTunes to sing along to this month!
2. When the first people sinned (and when we sin), they chose their way over God's best way. They put themselves first instead of putting God first. Pray with your children each day that they would practice putting God first in everything they do. Remind them when they wake up, and as they go about their day.
